Skills

I have years of computer experience in Linux, C, C++, Python, and GDB, and in previous jobs I developed excellent customer service and communication skills.

Experience

Colorado Maker Hub / Internship Programming

November 2018 - February 2019, Monument

Python programming, creative problem solving, and communication of complex problems.

Jimmy Johns / Delivery Driver

May 2022 - August 2022, Monument

Ensuring on-time delivery of sandwiches and customer satisfaction, swapping between positions as needed, and closing the front-end of the store at night.

Qdoba / Cashier, Line Worker, Closer

November 2019 - August 2021, Monument

Fulfilling online, in-person orders, closing registers and lines at night, helping open the store in the morning, assigning tasks to fellow workers.

Education
